Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental Schedule Contract Form for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay specifications (1931).

This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions, or additions at the discretion of the Executive Engineer or his representative. FOREST DEPARTMENT.

BHADRAVATI DIVISION.

Notification dated 21*st August* 1939.

Tenders are invited for the annual clearing of the demarcation lines of the following forests of the Division during the year 1939-40 up to 2 P.M. on 18th September 1939.

2. Tenders should be submitted in the form given below showing the rate per mile at which the lines will be cleared and debris burnt.

3. Each tender must be accompanied by a deposit of Rs. 25 in a Government currency notes as earnest money and must be sealed and superscribed "Tender for the Annual Clearing of the Demarcation Lines of the Forests in Bhadravati Division," failing which it will be rejected.

4. Final acceptance or otherwise of the tender will rest with the Divisional Forest Officer, who does not bind himself to accept the lowest or any other tender and reserves to himself the right to reject any tender without assigning any reason therefor.

5. Within eight days from the date of intimation of the acceptance of the tender, the successful tenderer will be required to execute an agreement on a stamped paper of proper value failing which his offer will be cancelled and the earnest money forfeited.

6. The earnest money of the successful tenderers will be retained as security for the due fulfilment of the conditions of the agreement and returned after the termination of the period of contract and that of others returned after the results of the tenders are announced.

7. The tender must quote rates per mile for each Forest separately for clearing and burning.

Further Conditions.

(*a*) The standard width of all the demarcation lines is generally 66 feet unless otherwise stated and of the enclosures 33 feet. This width should be maintained and any deviation guarded against by clearing 10 feet guide lines on either side of the line leaving an intervening space of 46 feet. All

grass and regrowth must be cut level with the ground and the debris removed and heaped in the middle of the line. The guide lines must not be burnt but cleared of all inflammable materials by sweeping. The space between the two guide lines must be cleared and burnt under the supervision of the Local Range Officer.

(*b*) The clearing of the regrowth should be completed by the 15th December 1939 and burning completed by the 15th February 1940. On no account should the burning be done after that date.

(*c*) During the course of operation (from the beginning to end) the contractor shall be guided by the Range Officer in charge of the Range. He will be held responsible for all acts of himself and his men against the rules of the Department. The security furnished by him is liable to be forfeited in whole or in part, as the case may be, for the breach of any of the conditions of agreement or acts committed in contravention of the rules besides taking action departmentally.

(*d*) If at any time during the period of the contract, it is considered that the progress of work of the contractor is not up to the mark, and that he is not likely to complete the work in time, it will then be open to the District Forest Officer to cancel his contract straight off without waiting till the end of the period, forfeiting his security in whole or in part and make other arrangements to complete the work, the contractor being held responsible to make good any extra expenditure that may be entailed by such arrangement; or without cancelling his contract make such other supplemental arrangements as the District Forest Officer may consider necessary to complete the work in time.

(*e*) Payment will be made only on bills passed by the Range Officer after the full length of each Forest is operated as per rules and no advance or part payment will be allowed. In special cases however, payment up to 50 per cent of the amount that will be due as per accepted rate may be made to a contractor after he has completed reclearing of all the lines satisfactorily and on production by him of a certificate to the effect from the Range Officer.

The tender should be in the following form :—

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative and may be due to any reasons whatsoever. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

When in doubt, the tenderers should always ask for particulars and details.

8. The Contractor whose tender is accepted shall, before the acceptance of the Schedule Agreement deposit with the Auditor, Mysore State Railway, Mysore, cash or Government Promissory Notes endorsed in favour of the General Manager, Mysore State Railway, Mysore, the sum of Rs. 50 as security for the due fulfilment of the agreement in addition to Rs. 50, *vide* para 3 (Cash amount will not carry any interest). 10. The final acceptance of the tender will rest with the Superintendent, Way and Works, Mysore State Railway, Mysore, who does not bind himself to accept the lowest or any tender and who further reserves to himself the right to reject, without assigning any reason therefor, any or all the tenders or any portion of a tender, and also the right to accept a tender for any individual item or items without accepting the whole tender unless the tenderer expressly states in his tender that it must be accepted or rejected as a whole.

15. Should any dispute arise in the interpretation of the clauses of the tender or in respect of any item of work or specification, the decision of the Superintendent, Way and Works, Mysore State Railway, Mysore, shall be final.

16. The accepted tenderer must make his own arrangements in advance for payment of royalties, toll, octroi, etc., in case he quarries stone, earth, kankar, sand, etc., from Railway, Government or Forest land for use on this work, as this Department will not concern itself regarding the payment, or recovery of royalty, tolls, octroi, etc.

(*a*) In the case of purchases not exceeding Rs. 200 in value, the initial deposit of Rs. 200 need not be insisted upon provided that the full purchase money is paid on the spot.

(*b*) The deposit of Rs. 200 to be placed with the officer conducting the sale is reduced to Rs. 50 in cases where the purchase of timber does not exceed Rs. 200 in value in Hunsur and Periyapatna Depots only.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. Subject to the minima prices fixed by the Chief Conservator of Forests (which will not be divulged), the highest bidder shall be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any time without assigning any reason to the intending purchasers. Should any lot be disputed, it shall again be put up and sold.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 1,000 in each case, are subject to the confirmation of the Conservator, and in other cases to that of the District Forest Officer, subject to the following conditions:—

(*i*) That the rate realised in a sale does not fall short of the average of the three previous sales by more than 5 per cent or is more than that realised at the previous sale.

(*ii*) That the power of confirming sales up to the limit of Rs. 1,000 shall be exercised only in the case of timber.

(*iii*) That the confirmation of sales is ordered by the District Forest Officers only after the payment of the full purchase money.

5. After conclusion of the sale, each purchaser will be furnished with a memo, showing the total value and the purchase made by him. Thereupon, each purchaser shall pay ten per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Act. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of the successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of notice of confirmation of the sale, whichever is later. In the case of purchasers of above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th May 1940. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*. Interest at 6¼ per cent per annum will be levied on all arrears of amounts which are permitted to be paid after the due date.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale, and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible, and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, on the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser, so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.
